Our reliabil[®] Series 60[®], MBE 900 and MBE 4000 engines are totally remanufactured, returning them to the latest blueprint specifications and tested to original equipment standards," explains Morrow. "The typical rebuilt engine is only repaired to the level of failure. That means any components beyond this level are left intact.

Detroit Diesel Remanufacturing Corporation Says ...

In 2011, the Series 60 engines were phased out, and this included the 14L. They have been replaced in production with the well-known DD line, although Series 60 as an engine line remains extremely popular. It's durability and power help keeps its place in the diesel engine history. Popular Parts from HHP
