End The Fed Ron Paul

Most people think of the Fed as an indispensable institution without which the country's economy could not properly function. But in End the Fed, Ron Paul draws on American history, economics, and fascinating stories from his own long political life to argue that the Fed is both corrupt and unconstitutional. It is inflating currency today at nearly a Weimar or Zimbabwe level, a practice that threatens to put us into an inflationary depression where \$100 bills are worthless.
