LNG , Natural Gas. Houston — Demand, supply chain and capital budget shocks from the coronavirus pandemic make it unlikely any more North American LNG export projects will secure financing for construction in the next five or six years, according to an S&P Global Platts Analytics outlook issued June 23.

### Near-term outlook said to dim for further North American ...

At Freeport LNG, there was no observable gas flow to the terminal south of Houston for the 15th consecutive day on July 21. A Freeport LNG spokeswoman, Heather Browne, declined to comment on ...

### US LNG cargo cancellations slow for September as market ...

North Asian spot LNG prices plunged to a historic low Monday around \$3.50/MMBtu, on a weaker demand outlook from China and softer European gas prices. Unusually warm weather in Japan, coupled with the likelihood of extended Lunar New Year holidays in China, also have weighed on an already sluggish market.

### Global LNG supply glut seen sticking around for another ...

And a grim demand recovery outlook is a clear background now on a global level," said Rystad Energy oil markets analyst Paola Rodriguez-Masiu. "Under the current supply-demand trends, we see prices unable to record further sustainable gains for a few months - until supply deficits return during the last quarter of the year."

### Crude prices fall amid gloomier global recovery outlook ...
