A standard American "8-inch" block is
194 by 194 by 397 mm for use with
mortar joints. A nonmortar joint stacking
block is usually 203 by 203 by 406 mm.
GSA has used 190 by 190 by 390 mm
metric blocks on some projects, which is
the size that companies shown in the
Product Information section responded
to.
