Industrial Society And Its Future

Industrial Society and Its Future Theodore Kaczynski 1995
INTRODUCTION 1. The Industrial Revolution and its consequences have been a disaster for the human race. They have greatly increased the life-expectancy of those of us who live in "advanced" countries, but they have destabilized society, have made life unfulfilling, have subjected human beings

Industrial Society and Its Future

Hunter-gatherers dominated for most of human history and were slowly weeded out beginning several thousand years ago with organized society. Industrial Society and Its Future emphasizes how the industrial revolution rapidly accelerated this and the restrictions on everyday lives, which I cannot disagree with.
