The definition already shows the major difference between management and leadership. While management talked about directing the process to achieve a goal, leadership is more interested in how to move a group of people towards a goal. In its essence, leadership is about influencing and motivating the specific

Paperback
The primary difference
between management
and leadership is that
leaders don't
necessarily hold or
occupy a management
position. Simply put, a
leader doesn't have to
be an authority figure
in the organization; a
leader can be anyone.

What's the Difference Between Leadership and Management?

Okay, now let's look at
management. So
where leadership was
the ability to lead
people, this is the
process of dealing with
or controlling things or

Access Free Leadership And Management In

people. So where
Leadership is leading
people, management is
managing things. So
managers, they plan,
they organize and they
coordinate.

Discuss the difference between leadership and management, according to theories addressed in your textbook and journal articles you have read for this assignment.

Leadership and management - ACED ESSAYS

Access Free Leadership And Management In

Leadership is setting a new direction or vision for a group that they follow — i.e., a leader is the spearhead for that new direction. On the other hand, management controls or directs people/resources in a group according to principles or values that have already been established.
