Tabs have been

Nets for making solids 12 - Maths Mentality

I highly recommend printing the nets on stock paper rather than regular paper. I have tried it both ways, and regular paper is just too flimsy. After printing, simply cut out the 3d shape nets on the solid lines.. If you've printed on white card stock as I have, take some time to get creative and color or decorate the shapes before assembling them! This could make a great math art project!

Foldable 3D Shapes (FREE Printable Nets!)

Now that you're a pro at finding the volume of cubes and cuboids - you're ready to tackle the triangular prism. You'll remember that the formula for finding the area of a triangle was just ½ B X H. For finding the volume of a triangular prism, it's exactly that, except you have to multiply it by the height of the prism too. Watch the Math Antics video at 7:14 seconds, so see a ...
