Tony Pollard (archaeologist) - Wikipedia

"Two Men in a Trench" is padded out partly by the inclusion of a lot of unnecessary detail about the process of the survey, finding the battlefield, pitching the tents etc etc, with moody shots of the presenters gurning into the rain or poncing about in historical costume; partly with a collection of illustrations derived, it would seem, from old children's books, and partly by arranging everything in a rather long-winded layout.
